Technical Delegate: Fiona Boyer.

Chief of Race: Damien O'Connell

This school ski championship is to be run as a paper race this year, due to current COVID-19 conditions. It is an opportunity to have a national school's race. It will run in conjunction with the Remarkables Junior Interfield race. This is a school team race.

The school teams must be made up from the same school with 3 individuals, if possible mixed genders. All 3 team members will be counted towards the final score. The results for this race will be calculated from the results of the Junior Interfield, though the points system will differ. The points system is the same as NIPS - the whole age category for each gender is split into 5% increments with 20 points allocated to the top 5%, 19 points to the second 5% etc. In the case of a tie, there will be 2 of that placing. This is a best run of 2 runs race.
