Short biography outlining your interest and experience in Adaptive Snow Sports

I have been involved in Para Snowboarding since 2007. While I have taken a couple of years away from the sport, I am very passionate about adaptive snowsports (snowboarding in particular).

As a two time Winter Paralympian with many years experience going through the development and into high performance I have an enduring interest in seeing Adaptive snowboarding make a larger presence in Adaptive Snow Sports NZ and ensuring people with disabilities and get the same or better opportunities than I had.

What skills and expertise do you believe you can bring to the Adaptive Committee?

I bring the experience of coming through the system from development to high performance.

Very passionate, not only about snowboarding but snow sports in general.

I run my own architectural design business in Wanaka and with it bring a range of skills from communication, planning, budgeting, project management, human resources and much more.

Strength in relating to a wide range of people.

Expereince in snowboard and adaptive or Para snowboarding. 'I feel this is under represented in

Adaptive Snow Sports NZ'.

Qualified Snowboard Instructor.

I have read and accept the conditions of office in Appendix 1.
